DO BRASIL

 VINTAGE LOG SOLUTIONS

A message from the Board

With over 35 years of experience in the international logistics market, Importcargodo Brasil has adapted to the changing needs of the market and developed a unique methodology that combines its expertise with market innovations. This methodology, called the Vintage Methodology, is based on the company's commitment to providing its customers with a unique experience.

Thus, we combine the expertise of an activity with market innovations.

It is with this formula that we provide our customers with a unique experience.

This is today's Importcargodo Brasil!

Who is IMPORTCARGO DO BRASIL?

Importcargo do Brasil is a logistics company that was founded in 2009 in Porto Alegre, Brazil. The company has since expanded to São Paulo and Fortaleza, and it has a worldwide network of partners with offices in over 420 cities in five continents. We are committed to providing our customers with a unique logistics experience. The company offers a wide range of services, including freight forwarding, customs clearance, and warehousing and also have a strong focus on information technology, and use a state-of-the-art software to track shipments and manage logistics operations. We are a vintage company with a modern approach to logistics. The company is committed to providing its customers with the best possible service, and it is always looking for ways to improve its operations.

Our Vintage Style

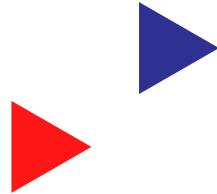

Our purpose is to promote the customization of international logistics solutions that are aligned with the needs of our customers and the evolution of the global supply chain.

We measure the quality and performance of our operations to ensure that we are providing our customers with added value and helping them to increase their competitiveness.

Our team is committed to providing our customers with a high-quality service that meets their needs.

This commitment is reflected in our IMPORTCARGO LOG platform, which allows our customers to track their shipments and manage their logistics needs online.

Our culture of Operational Excellence is deeply ingrained in all our operations, in line with our long-standing vision and legal practices

Purpose

We offer high-quality, efficient, and reliable transport solutions that meet the expectations of all links in the logistics chain. This has consolidated us as a strategic supplier in their operations. Driven by the need to improve cargo handling, we have established two distinct operations bases: Freight Control and Customer Care.

Partners and Certifications

OPERATIONS
